

# DC Boys Club Week October 9 to 14

**BOYS CLUB WEEK  
PROCLAIMED BY  
MAYOR GREEN**

**Money To Be Used  
To Assist DC Boys**

Drawing attention to the great work now being done by the Daly City Boys Club, the city clerk proclaimed October 9 to 14 as Daly City Boys Club Week.

The club, which was reorganized several months ago by interested citizens, is for the benefit of all boys between the ages of 6 and 16. Its sole purpose is to keep the younger set off the streets at night.

Open every evening at its headquarters at No. 2 Hillside boulevard, the club now has a membership of close to 200 young boys. Any boy may apply for membership by contacting Club Director Frank Bria at the clubhouse.

With an ultimate aim of serving every interest of every boy in the community, the club is presently in need of equipment and material. To date it can offer boxing, archery, choir work and several other forms of entertainment. However, it is hoped enough funds can be raised to broaden the activities of the organization.

It is for the purpose of raising funds and pointing out the activities of the club that Mayor Paul Green today, in an official proclamation, said:

WHEREAS, the Daly City Boys Club is sponsoring a drive to raise funds to equip a club room for boys of the area, and

WHEREAS, the work of the Daly City Boys Club is necessary to the betterment of the community,

NOW THEREFORE, I, Paul Green, Mayor of the City of Daly City, do proclaim the week October 9 to 14 as Daly City Boys Club Week, and urge all citizens to cooperate to the fullest extent possible.

Contributions to the club may be made at almost any store or place of business in Daly City, or to receive the contributions will be posted in every Daly business establishment.

Question

What man was back in the news in this week. We speak of the identified San Mateo county resident who was the only one to register to vote under the communist banner.

His gent poses an interesting question. Now that the government made it mandatory for all communists to register (not necessarily to vote), how in blazes are they going to get them to do so?

Isn't an original question... been worrying the Justice Department... but it is serious enough to make many a Congress-wonder if the money spent to find up the communists who sign wouldn't be better spent arms against the Russians who expound their political beliefs.

So, there is the little matter of cost expenses when the reds of the constitutionality of the "This, reliable Washington Post report, can run into a couple of dollars, or more.

Whether you are for or against loyalty oath, it appears agreement (except in the case of one San Mateo registered red) is to be an expensive business.

While a few years ago a simple carved-out pumpkin and a white sheet were sufficient to "frighten" victims of the small fry of Hallowe'en, these items are now considered as antiquated as an out.

## RECORD NUMBER SIGN UP TO VOTE IN NOV. ELECTION

**Sheriff, School Race  
Centers Of Interest**

More than the usual interest will be shown in both the San Mateo county and state elections November 7, as witnessed this week by the record number who have registered to vote.

Final figures show that 118,777 San Mateo county residents will be eligible to vote, 11,000 more than were signed up for the primary election in June, Registrar Russell J. Patterson announced today.

The gain in registration over the primary election was also shown in the Democratic and Republican party sign-up. Registered for the general election are 62,082 Democrats and 51,795 Republicans. This represents a gain of almost 10 per cent for each party.

In the first district (which includes Daly City, South San Francisco and San Bruno) there are 22,781 Democrats as compared to 9,549 Republicans.

Throughout the county there are also: 129 Independent Progressives; 19 Prohibitionists; 20 Progressives; 42 Independents; 22 Socialists; 7 Local-Labor Party and 4,669 non-partisans.

Only one lone Communist registered under the party colors.

It is believed the two hot races for sheriff and superintendent of schools have caused the upswing in registration, Patterson said.

Youthful Earl Whitmore, Redwood City police officer, topped veteran Sheriff James J. McGrath at the primary and the two will run it off in November.

Henry C. Hall, assistant county superintendent of schools, and James Tormey of the San Mateo Junior College staff will be running for the post vacated by Miss Pansy Jewett Abbott.

In the state election the interest will center around the gubernatorial race and the legalized gambling proposition.

## DC Boys Club To Hold Drive

Here's an opportunity to clean house and, at the same time, help the Daly City Boys Club.

Next week, October 9 to 14, the Daly City Boys Club is holding a salvage drive. They hope to collect enough waste cloth to net the club the necessary funds for the purchase of athletic equipment.

While each of the members will call on his neighbors, anyone who is not contacted may leave the material at the Boys Club, No. 2 Hillside boulevard.

Needed by the boys are all cotton and wool rags at least 12 inches by 12 inches in size. No rayon or silk is acceptable.

Good clothing which may be donated to the drive will be put aside, cleaned and given to some needy family.

Mrs. E. K. Whinnen is chairman for the drive and she may be contacted by calling JUniper 4-6988.

## DC Eagles Plan October Barn Dance To Aid Runyon Fund

As much an indication of fall as brown leaves and Hallowe'en is the traditional barn dance. Leading off the series of such dances this year will be the Colma - Vista Grande Aerie No. 1848, P.O.E.

The frolic and barn dance is slated for Saturday night, October 21, at Eagles Hall, 3342 San Jose avenue. It is open to all Eagles and their invited guests.

Purpose of the evening, outside of assuring everyone a good time, is to raise money for the Damon Runyon cancer fund. Eagles throughout the nation will be holding similar affairs to assist the worthy cause.

Preparations for the gigantic Carnival of Nations to be given by Our Lady of Perpetual Help Church on October 13, 14, and 15 in the Parish Hall, 80 Wellington avenue, are now going into the final stages.

Among the early birds who have completed their plans and costumes are Mrs. Emilia Garcia and Mrs. Ruth Cresta who are in charge of the grocery booth. They are being assisted by Mrs. Clara Montoya.

Thirty-nine applicants, 22 of whom are from out of state, have declared their candidacy for the job of San Mateo County Manager, William Goggin, county personnel director reports.

The position, which warrants a salary of \$12,000 a year, will change over in January when the elective term of incumbent County Executive Frederick Peterson expires.

Candidates will be screened on October 18 with the taking of written examinations in or near their respective home towns.

Not more than ten of the top candidates will be called to Redwood City for oral examinations before a special qualifications board on November 17. From these, the top three men will be (Continued on Page 2)

## Superintendent of Schools Thanks The Record For Support

Dear Editor:

This letter is to express my personal appreciation to the Daly City Record for the excellent coverage and unstinting support you and your newspaper accorded the local schools in the campaign for the school bond election.

Your efforts in behalf of the schools were in no small measure responsible for the overwhelming approval of the voters.

I would also like to take this opportunity to publicly thank Mayor Paul Green as chairman of the school committee; members of the committee; donors and all others who volunteered their time and efforts to successfully carry the election.

Sincerely yours,  
James L. Snell

## Residents Lauded For "Yes" Vote

Following is a letter by Peter J. Markovich, chairman of the Jefferson High School board of trustees, thanking citizens for their support of Friday's bond issue:

What a wonderful feeling, an I know it prevails with the voters who cast their votes favoring the school bond election. The significance upon analyzing this great victory is like a game tree whose branches embrace many things which our community in time will reap a intellectual harvest.

Aside from the elimination of double sessions and congested classrooms it means our children will be given a more diversified program and the classroom attention so vitally required.

The mind of man is developed through our educational system, and with more schools there never will be a question as to the want of knowledge. For this a vote of thanks applies to all those who marked yes on the ballot.

## Wounded Vets Need Your Books

Although Daly City has sent many of her men to the Korean front, residents appear reluctant to supply those same men with necessary reading material.

Last week Captain W. R. Murray, hospital ship skipper, requested that Daly City residents help him to outfit his ship with books for wounded Korean veterans. He asked that the books be brought to the Daly City Record office, 3317 San Jose avenue.

Today the Captain and a ship full of wounded veterans landed at San Francisco, but there were no books for the Captain to take with him back to the ship.

Total response to the request for books of any variety or type is nearly nil in Daly City.

However, there is still time to bring those books to the Daly City Record office. The Captain will be in Daly City next Wednesday before sailing again for Korea. At that time he will pick up your donations.

Remember, any type of book is welcome, especially comics and the 25-cent pocket editions. Bring them to this office, 3317 San Jose avenue.

## GOLDEN BEARS FACE PENN QUAKERS IN SAT. GRID GAME

BERKELEY, October 2. — California plays host to its only sectional opponent of the 1951 ball campaign Saturday when the Quakers of Pennsylvania visit Berkeley for the first time.

The Golden Bears have been upper hand in the three played between the two teams. In 1925 it was 14-0, in 1927, and 12-7 in 1929.

On both of their previous visits to California, the Quakers, after the regular season was over, played in Philadelphia.

Pennsylvania dusted off the Bears in their only "30 game" game. The Quakers, long noted power team, used a diabolical weapon in beating down the Bears.

They threw for three touchdowns within nine minutes of the quarter to upset the Southerners.

For the Bears, it will be a 30 meeting against a single team. So far, they have against the tricky pass play of Santa Clara and the splash defense used by Oregon.

If nothing else, the experience with the potent Penn attack serve in good stead when they meet later season single opponents, Oregon State and the hustling Bruins.

For the first time this season Waldorf's charges won't be platoon system advantage. Also uses the complete substitution policy with each change possession.

The Bears in their two years far have demonstrated they learn fast although they are young and inexperienced. The pleasing part of the two years so far is the marked improvement of the running backs. With Schabrum, Jim Monahan, Olszewski, to pack the line, has one of the best line fields on the coast.

Now that Daly City voters have seen fit to give their children adequate schooling it is high time they did something about the "housing" problem at the Daly City Library.

Over one-third of this community's residents take advantage of the many services offered by the library, yet not one person in a hundred is aware that the library is woefully in need of more space. This is especially true in the children's room, where for lack of shelves, hundreds of youngsters' books have to be kept out of circulation. Not only must books be kept off the shelves, but the children are not given the proper number of tables and chairs to enjoy reading...again, through lack of space.

As for the adult section, here the problem is almost as bad. Next month the library will acquire many of the new fall books. Chances are the average reader won't see them until early in the spring. Why? There just isn't any place to put them.

Many complain that the Daly City Library fails to supply them with the reading material they desire. They blame everyone but themselves for this condition. Actually it is the community's lack of interest in their library that has brought it to its present plight.

It's time something was done. More shelves, an additional wing, could be built for no more than the cost of ONE of the 64 classrooms voters approved last Friday. Cost in dollars is relatively small, but the cost in failing our children and ourselves is measureless.

This is a project for all to act on, not talk about—today, not tomorrow. And how about the PTA's and women's clubs investigating the library situation? A few hours of study by any of these groups will convince them that the library needs additional space...NOW.

Two More Residents  
On Blood Donor Roll

Latest local residents to add their names to the blood donors list are Vaughn L. Janssen and Donald Hiett.

Janssen, the San Mateo County Blood Bank reports paid his first visit to their headquarters last month. On the other hand, it was the fourth donation of blood by Hiett.

By the overwhelming majority of 15 to 1, voters Friday approved a \$3,000,000 project to build 64 new classrooms in the Jefferson elementary school district.

Over one-third of the registered voters turned out to the polls to chalk up the greatest number of votes ever registered in a Daly City school election, James Snell, superintendent of schools, said today.

Of the 3,188 votes cast for Proposition "A" (to bond the district to the legal limit of \$295,000), 2,996 were "yes" and only 192 "no." Proposition "B" (to borrow \$2,815,000 from the state) carried by 2,350 votes to 211 opposed.

Construction of the units of the project will get underway upon final approval of the loan by the state and the sale of the bonds, Snell said.

Westlake School

Westlake is to have the first school, a 14-classroom structure to be built in the center of the Westlake tract. The priority for building was assigned to this area of Daly City by the Jefferson elementary school board at their regular meeting last Thursday.

The board's priority schedule for construction of the six units is based on needs, and the stage of plan completion, Snell said.

It was decided to go ahead with the Westlake school first as the board feels a school in that area is needed at this time more than any other place in the district.

All plans, including the working drawings, have been completed for the Westlake school and approved by the Department of Architecture.

Bids will be called on this project as soon as the Finance Department approves. It is expected the school will be completed in time for the opening of classes next fall, Snell said.

Time Schedule

Given second priority, the Garden Village school will receive the attention of the board when work begins on the Westlake unit. The site for this school is owned by the district, and the architect is preparing the working drawings for a total of nine rooms.

Third in order will be the com-

pletion of the Colma school, where the first eight classrooms are now under construction.

This project, which actually is for two separate schools, an upper grade and a primary, will have 33 classrooms when completed. An additional five acres of property is yet to be acquired for this site and the State money must actually be in possession of the district before property can be acquired.

The Garden Village upper grade school will follow. At present a portion of this site has been acquired and the remainder is under condemnation proceedings. Upon final approval of the courts the remainder of the site will become available.

### Final Project

The final project will be the site development and building of a multiple-use room at Woodrow Wilson School.

Superintendent of School Snell, commenting on the election results, stated today:

"The support of the local community as evidenced by the approval of the bonds is extremely gratifying and reflects the determination of the people that our children be provided with proper and adequate school facilities.

"It is hoped," he continued, "that the entire program of construction be completed and the schools restored to single sessions soon. However, the people must realize that schools do not blossom into maturity over night and now that the financing of the projects is assured adequate time for the actual construction must be expected."

Here's how each of the precincts voted:

A breakdown of votes according to precincts shows the following: Crocker: Bonds, Yes, 499; No, 72; Van, Yes, 486; No, 72; Woodrow: Bonds, 804 to 69; loan, 787 to 73; Colma: Bonds, 372 to 58; loan, 362 to 47.

Broadmoor No. 4: Bonds, 256 to 10; loan, 255 to 1; Broadmoor No. 5: Bonds, 556 to 4; loan, 550 to 10; Estlake: Bonds, 509 to 8; loan, 10 to 8.

## First Local Man Killed In Korea

(Continued from Page 1)

Yokosuka Hospital Japan.

Cpl. Kelley arrived in Korea on September 8 with the First Marine Division. Seventeen days later he was wounded by a bullet in the abdomen. He was in action in or near the capital city of Korea.

Sent to Japan for hospitalization, his condition grew worse. His mother received word of his critical state last Sunday.

Kelley was a former member of the Merchant Marine and a veteran of World War II. He was drafted into naval service at 18 and served throughout the conflict.

Four months after his discharge in 1945 he enlisted in the Marine Corps at Lakehurst, New Jersey. He went overseas for occupation duty in Japan and then came home on furlough.

He then returned to Lakehurst, was shipped to Camp Pendleton, and thence to Korea.

Kelley was a native of Daly City and attended Woodrow Wilson grammar school and Jefferson Union High school.

He is survived by three sisters and seven brothers.

Sergeant Ray Kelley, a paratrooper with the 11th Airborne Division and currently stationed at the Presidio, is the oldest at 21. Ray also saw service in World War II.

Others include Paul, 18; George, 17; Lois, 16; Dave, 16; Dan, 11; Catherine, 10; Genevieve, 7; Bobby, 5 and Art, 3.

Mrs. Rasumussen indicated she will ask the government to ship her son's body home for funeral services here.

Another Daly City member of the Marine First Division, Cpl. Robt. John Haslett, husband of Mrs. R. J. Haslett, 767 Niantic avenue, was also reported wounded in action this week. Although further details are lacking, it is believed he was also wounded near Seoul.

Meanwhile, another member of that famed division this week wrote a letter to Mayor Paul Green in which he described the first days at Inchon. He is David Hansen, who was called from his job as a police officer two months ago to active duty with the Marines.

The letter, written aboard the hospital ship Consolation, reads: "These are just a few lines to let you know how this 'police action' is over here.

"As you probably know, the Marines hit the beach at Inchon, Korea at 1730 on September 15. Your truly was in the first wave on Blue Beach No. 1.

"Our troop carrying amtraks left the LSTs at 1630, rendezvoused and headed for the beach. On the way in we witnessed a wonderful sight. Cruisers and destroyers were bombarding and rockets from LSTs were pounding hell out of that beach. Marine Corsairs were rocketing and strafing the town, much of which was in flames.

"The captain in our amtrack (he carries a rebel flag) passed around a fifth of whiskey. It went well on our last meal...a steak dinner.

"Most of the tractors got stuck in the mud about 60 yards offshore. We went over the sides and into the water. We were being hit by sniper and mortar fire, and I had visions of Tarawa again.

"I hope everything is going well in Daly City. I am fairly well on this good food aboard the Consolation, but am lonesome for the gang in my outfit and hope to get ashore with them before long.

"Incidentally, so far it is the Marines who have done the fighting up north here, not MacArthur's men. He will not give us any more credit than he can help."

This column is evidence that we have returned from a two-week vacation in the great northwest. As all vacations, it was too short, especially as the sun shined hot and steady for the complete 14 days.

## OFF THE RECORD

By Roy Hurlbert

**Yankee Myth**  
No wonder Americans string along with the baseball Yankees. And the odds-makers always put the Gothamites on the long end of things.

Yankee supremacy in the baseball world is getting to be a household word like the soap that's supposed to take care of everything.

Casey Stengel's present New York club which is engaged with the Philadelphia Whiz Kids for World Series honors represents the 17th Yankee pennant winner in American League history.

The junior circuit was 20 years along in age when the Yankees made their first appearance on the baseball horizon. Mighty Mite Miller Huggins piloted the club that Ruth built to the top in '21, '22, '23, '26, '27, and '28.

### Marse Joe

Marse Joe McCarthy advanced the Yankee legend with gonfalon grabs in '32, '36, '37, '38, '39, '41, '42, and '43. Bucky Harris, current Washington skipper, brought the Yankees home first in '47. Dr. Stengel nursed "Invalids Incorporated" to the title last year.

And this year, you know the story. Add 'em up for yourself. Seventeen flags in 48 years of competition. No other major league team can make that statement. Not by far.

In World Series engagements, the Yankees hold their consistency. In 16 past post-season classics, the NY banner has been raised 12 times. They surrendered baseball's biggest prize in '21, '22, '26, and again in '42.

The Phillies? They're just youngsters at this business of winning ball games and going to World Series.

### Few and Far

Thirty-five years ago in '15, a gent named Ben Moran gave Philadelphia their one and only National League crown, Boston's Red Sox dumped them, four games to one, in the ensuing World Series that year.

Today, a very deserving and fighting Philly team is back in the national spotlight after a long wait. Grandstand fans the country over have sort of taken the kids to their hearts. But then, the Yankees are sentimental favorites from away back.

Tradition and custom versus a bunch of precocious youngsters. Yankees or Phillies? Take your

pick. The age chart gives the National League leaders a slight advantage. Contrastingly, the old "come through" and legend favor the reigning Bronx Bombers.

Will history repeat or begin anew?

Experts fashion the boys from the city of brotherly love the Yankees of tomorrow. The Phillies have to start on that path before long. But they'll have to abolish a tradition to do it!

### PAL Picks

Up and down the peninsula circuit, high school talk these days is diverted into one channel—football.

Popular consensus is that this fall's Peninsula Athletic League champ will come from among Palo Alto's Vikings, San Jose's Bulldogs, South City's Warriors, or newcomer Willow Glen's squad.

The expected finish isn't necessarily ranked in that order, though. Tagged "unpredictable" are Lincoln, Burlingame, and Sequoia's Cherokees.

What about Jeff, you insist?

### Green But Big

The local single wing outfit could be a definite dark horse. They could go either way. Ahead preferred. Majority opinion doesn't regard the Indians too highly. But head man Glenn thinks otherwise.

He doesn't expect to win 'em all. Hardly. Jeff doesn't look invincible this time out. Too green. But the Tribe should give the front-runners more than a few headaches.

South's line isn't far behind college standards. For size, at least. It's slow afoot but the inherent power makes up for the drawback. Baher, Koperak, and Lagomarsino are unusually big lads for high school. And they're plenty rough.

### Backs Oked

Offensively, with a huge line to open up holes, Jeff's backs should grind out their share of yardage. Seatback Gallagher, driving Tschirgi, and Co-captain Max Kliem and big Pat McCool lend fine balance to a good backfield.

Weight and inexperience could handicap Jefferson's bid for the PAL championship, but the Indians are aiming for the upper bracket, anyway. The Indians can use their weight to advantage and should get better as they go.

Will they realize their goal of landing in the "first four"?

We don't know. Neither does South. We'll let the Jeffs answer that one.

### Anglers Make Record Albacore Catch In July

The best albacore catch in California's sport fishing history—56,480 fish weighing an estimated 450 tons, was recorded for the month of July by the Division of Fish and Game.

The figure does not include the commercial catch, nor the "take" by parties in private boats.

The July haul for sport fishermen at San Francisco averaged one and a third salmon each trip. Party boat skippers in inland waters reported a monthly catch of 1765 striped bass among 1791 anglers.

### Pro Hurlers Clash In Sarto-Martys Tilt At Marchbanks Park

A couple of guys with major league pitching potential will be hill opponents Sunday at Marchbanks Park as Joe Sarto AC meets Marty's the Geary in a Golden Gate Park Winter League game.

Newly acquired Bud Gouldberg will hurl for Marty's against another professional ace, Don Massi of Sarto's.

Game time is 12 o'clock. Gouldberg just returned from a highly successful stint with the Stockton Ports, Class C team in the California State League. While in Port spangles, Gouldberg racked up 22 mound wins.

Massi paced the Bakersfield Indians in the same league. The Big Rec circuit is rated the "fastest" and best Double A league in San Francisco. Several top high school players and minor leaguers are on the rosters of a field including 1949 champion Walter Gordon's, Molkenbuh Brothers, Mike Choino, Foster's Lunch, Carlos Inn, Lucky Lager, Ocean Avenue Merchants, Les Vogel's, and Marty's.

Manager Vic Baher's Sarto AC club opened its league season Sunday with an 8-7 win over Molkenbuh Bros. Johnny Rubs, City College pitcher, survived an error-infested performance by his infield, to receipt for the win.

Behind at the end of the fifth inning, 5-1, Sarto's just had enough to come back.

Former All-PAL outfielder Don Lunghi, outfielders "Babe" Ottobello and Heron Sick, and second sacker Ted Welp, all collected two hits in Sarto's nine-inning attack.

Rubsie checked the losers with seven singles.

Another Jefferson boy, and a pitcher of sorts, Eddie Coreghino, is expected to be a big factor in Mike Choino's bid for the league flag. Excellent Eddie allowed five hits in Choino's 2-2 stand-off with Syl's Service last week.

Other Winter League results from Sunday found Foster's nipping Marty's, 3-2, and Walter Gordon's whipping Carlos Inn, 12-7.

### Outside Looking In... Only Fisher Didn't Know It

The best spot in San Francisco to go fishing is the Steinhart Aquarium of the California Academy of Sciences. At least that's what a kingfisher thought until he tried it this week.

Flying past the Aquarium, this particular bird spied all sorts of fish unconcernedly swimming about. Instead of diving for cover like sensible fish do when a kingfisher approaches, these ones paid him no mind. Kingfisher's Paradise!

Measuring speed and distance, the bird banked, peeled off, and aimed for a brightly-colored Moorish Idol. No thrill of the catch followed. Only a dull thud. He dropped stunned on the Aquarium steps. The kingfisher had literally knocked himself out.

This not-too-bright bird, a Megaceryle alcyon caurina, had failed to note that the huge plate glass front of the building stood between him and his quarry.

He almost made the real thing, Kingfisher's Heaven, says Dr. Robert C. Miller, Academy director. However, after a bit, the kingfisher recovered sufficiently to take off again. Last seen disillusioned and slightly groggy he was heading for the more certain though less spectacular waters of Sloat Lake.

### Portside Sets Gelsi's Down With Three Hits

Handcuffed for eight scoreless and hitless innings by ace left-hander Tom Del Sarto, Gelsi's Liquors pushed over three runs in the ninth frame but still dropped a 5-3 decision to Central Cafe last week in a Double A clash at Redwood City.

Del Sarto, San Mateo High school pitching phenom, held the Liquor Lads to three hits, all of them coming in the final inning. Fred Lucia started for the Gelsi's, but was relieved by newcomer Aldo Canepa in the seventh. Canepa hurled well during his short trial and slammed a run-batted-in double in Gelsi's last ditch rally.

This Sunday, Gelsi's take on the San Francisco Fire Department nine at Marchbanks Park at 2 p. m.

### Visiting Firemen To Drop In On Eagles

Visiting firemen will drop in on the regular meeting of the Colma Vista Grande Aerie No. 1848, F.O.E., next Thursday night, A. J. Bodien, assistant fire chief, announced today.

## JEFFS FACE SEQUOIAN TONIGHT

Open P. A. L. Campaign Against Rugged Southern Eleven; Indians Overcome Stubborn Mountain View Eagles, 20-9

By Roy Hurlbert

Acting up like an old model car that's been out in the cold all night, Jefferson Union High's Indians had to warm up to their task before whipping a scrapping but out-manned Mountain View Eagle eleven last Friday, 20-9, on the Jeff field.

Cooly and confident before the kickoff, Coach Glen South's lads were in for a quick change of attitude. Their outweighted opponents from the southern city surprised everybody including themselves at the offset.

Before Jeff partisans could notch an expected victory on their '50 totem pole, the single wing 'MV outfit went out in front on a safety and touchdown, in that order, in the first quarter.

### Mt. View's Surge

The Eagles kicked off to Jeff seatback Izi Galente, who returned 20 yards to the Indian 30. After Bobby Gallagher was dropped for a loss of four and Hal Tienken failed to gain, quarterback Pat McCool quick-kicked 32 to the Eagle 42. From there the Blue and White jersied Eagles put together a sustained drive of 10 running slants and four pass attempts, but lost the ball on downs on the Jeff 10.

Two plays later, Tienken was tackled behind his own goal line and the Eagles had two points. In-sult joined injury minutes into the second quarter as a 64-yard pass completion and a successful extra point try shoved Mountain View ahead, 9-0.

Angered and shocked by their position, the Blue and Gold, suddenly decided to get rolling. They did.

From this juncture on, the Indians were not to be denied. Ragged blocking, wide gaps up front in the line, and lack of purpose disappeared but quick.

### Dividends

Superior weight and drive began to pay dividends. With half the second quarter gone, the Indians went on the warpath and the scoreboard for the first time this season. Fullback Ray Tschirgi, a dandy runner, all day, put Jeff back in the fight with a one-yard plunge for the tally. Gallagher's toss to right end Jack Wilson for the extra digit fell incomplete, making it 6-9. A 15-yard off-tackle sprint by Gallagher and a Gallagher-to-Wilson aerial for 30 spearheaded Jeff's march which took 13 plays.

Just before the intermission, Gallagher, key man in South's single wing attack, "hit" left end Harold Hazen behind the shaky Eagle secondary with a 37-yard heave and Jeff's second score. Gallagher to Galente via the air accounted for another point and Jeff took command 13-9.

Third quarter honors see-sawed. Unable to penetrate the beefy Indian wall, Mountain View used strictly a passing offense in the second half.

### Clincher

Another straight advance, consuming 11 downs, provided the clincher for the PAL squad, two minutes before the final gun. Hard driving Tschirgi churned one yard for his second tally and Jefferson's third to climax the drive. Gallagher ran through center for the conversion.

Sore spots in the Indian attack were apparent. A line averaging almost 190 pounds per man figures to be a little slow. Jeff's forwards were. Stopping enemy—passing should give South something to work on, defensively. Eagle flippers had little trouble with nine completions on 20 throws. Jefferson didn't escape first game shaginess. Ends and halfbacks muffed sure catches and fumbles were numerous. But quality comes with age.

South has two workhorses in tiny Gallagher and Tschirgi. Gallagher, who throws a good pass, did some fancy ball-packing besides tossing five completed passes out of 11 attempts. Tschirgi, carried 16 times for 44 yards gained, while Gallagher picked up 63 yards on 18 rushes. A broken finger on his left hand didn't hamper 200-pound blocking back Pat McCool, who did a good job protecting his backfield mates.

### Well Done

The entire starting line, ends Wilson and Hazen, tackles Vic Baher and Pete Koperak, guards Rich Harrison and Mansel Roland, and center Bob Lagomarsino, turned in fine work.

Rookie halfback Don Espinoza and end Dave Cafferata distinguished themselves on defense. Espinoza was alert as a cat in intercepting two enemy passes. Lanky Cafferata broke through more than once to spill Eagle backs for sizeable losses.

Other Indians seeing action in the non-league skirmish were Max Kliem, Floyd Gonella, Tom Leach, Bob Murchison, Bryan McMahon, and Bob Kalinin.

Tackle Vic Roggenbush didn't suit up because of a practice-incurred injury.

### SMJC MEETS CUBS IN NCJCC DEBUT

Hoping to parlay a new coach and virtually a brand new lineup into the right combination, San Mateo Junior College bumps heads with Stockton J.C. tomorrow night in their NCJCC opener in the valley city.

Newcomer Herb Hudson starts his responsibilities with only two returning lettermen on the roster.

San Mateo didn't look like a rookie outfit last week in their first outing, a 33-13 rout of College of Marin. Stockton's Cubs squeezed by Sacramento J.C., 7-6, in their only performance to date.

### GOLDEN BEARS FACE PENN QUAKERS IN SAT. GRID GAME

BERKELEY, October 2.—California plays host to its only inter-sectional opponent of the 1950 football campaign Saturday when the Quakers of Pennsylvania come to Berkeley for the first time in 23 years.

The Golden Bears have held an upper hand in the three games played between the two institutions. In 1925 it was 14-0, 27-13 in 1927, and 12-7 in 1929.

On both of their previous visits to California, the Quakers came after the regular season was over. The last game of their series was played in Philadelphia.

Pennsylvania dusted off Virginia 21-7 in their only '50 game to date. The Quakers, long noted as a power team, used a different weapon in beating down Virginia. They threw for three touchdowns within nine minutes of the third quarter to upset the favored Southerners.

For the Bears, it will be the first '50 meeting against a single wing team. So far, they have run up against the tricky pass patterns of Santa Clara and the split-T offense used by Oregon.

If nothing else, the experience with the potent Penn attack will serve in good stead when the Bears meet later season single wing opponents, Oregon State and UCLA's hustling Bruins.

For the first time this season, Waldorf's charges won't have the platoon system advantage. Penn also uses the complete substitution policy with each change of ball possession.

The Bears in their two games so far have demonstrated that they learn fast although they are quite young and inexperienced. The most pleasing part of the two performances so far is the marked quality of the running backs. With Pete Schabarum, Jim Monachino and John Olszewski, to pack the hide, California has one of the best running backfields on the Pacific Coast.

Holders of the PCC consecutive winning record at 18 games by virtue of their triumph over Oregon, the Golden Bears will be in good condition for the Quakers.

Joe Hibbs, with a turned ankle, and offensive end Bob Beal, with an ailing leg, are the only doubtful starters. Otherwise, the Bears will be in tip-top shape for Saturday's battle.

### Old Revolvers Sold To Highest Bidders Oct. 15

A number of old-type revolvers will be auctioned about October 15 from the steps of the Post Office building, 7th and Mission streets, it was announced this week by U. S. Marshal Edw. J. Carrigan.

The revolvers will be sold to the highest bidders and hundreds of gun-collectors are expected to attend the sale.

### Satan AC Loses, 10-3; Sartos Triumph, 13-7

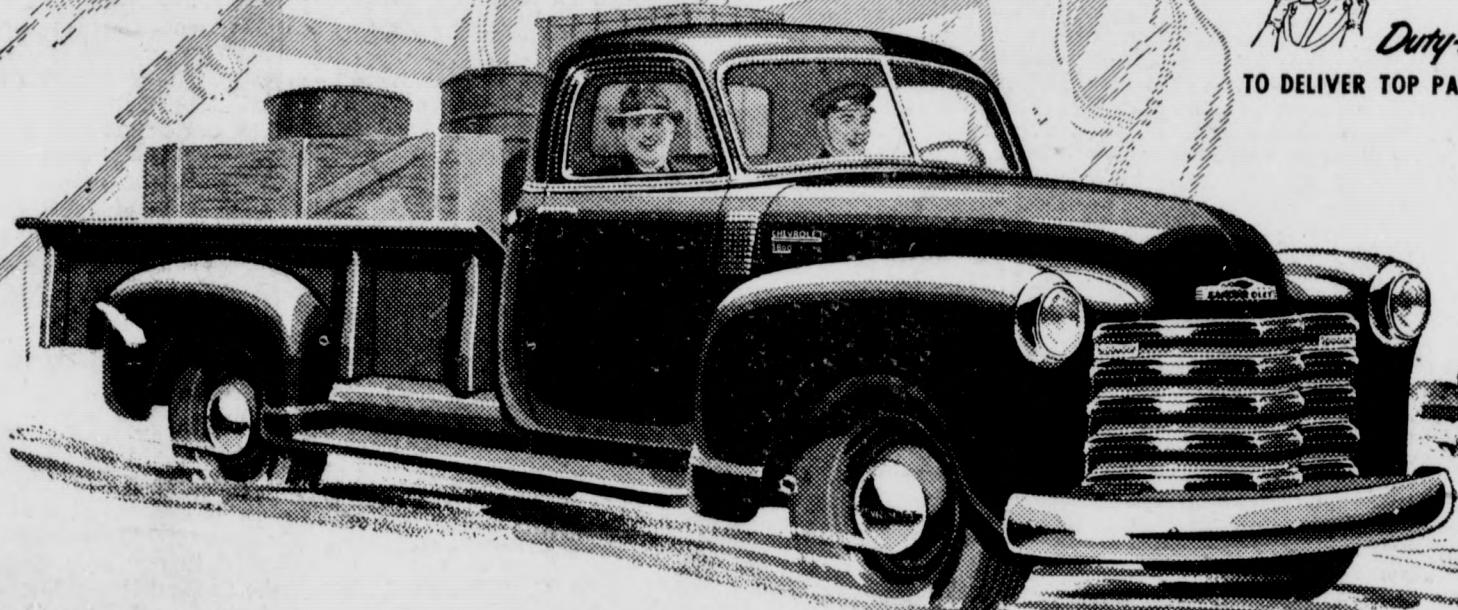

Sandlot baseball honors were divided by two Daly City nines last Sunday.

Satan A. C. lost face and a 10-3 ball game to Hilda's Bakery at Marchbanks Park.

Sarto's took a 13-7 football score triumph over the San Francisco Indians.

California's "Peach Bowl" produces more than 50 per cent of the world's canning cling peaches.

David Neuschwander, 165 Wilshire, was the victim Wednesday of the wrong bottle in the medicine cabinet. The 2½-year-old son of Mr. and Mrs. Neuschwander was suffering from a cold. His mother went to the medicine cabinet for a bottle of cough medicine and returned with Hexall. Mrs. Neuschwander gave David a full teaspoonful before she realized the child had taken a harmful cleaning antiseptic. Rushed to Junipero Serra hospital, David had his stomach pumped out, and attendants believe that they acted in time to prevent any injury.

## BAYSHORE VISITACION VALLEY By Bernice Hendryx JUNiper 4-6449

Good for a Giggle: They televised the football game last Saturday, as many of you know. The elbow benders without a TV set of their own, make a habit of dropping in at the Geneva Club for televised sport shows.

Last Saturday was no exception. It was a sell-out at the Geneva Club. Came time for the game. Tade O'Reilly, part owner of the Club, was master of ceremonies. He stepped up to the TV set, twisted dials like an expert, and stood back. Nothing happened. He tried it again. Then again. Bunting was forgotten. Two hours went by, and Tade was a broken man. It was then that someone went out to see if it was still Saturday, and found something missing. Yep, you guessed it. Some good-for-nothing such-and-such had stolen the aerial off the roof.

Barbara Oliver, daughter of Mr. and Mrs. Roy Oliver, weds Thomas Atwood at the Geneva Avenue Methodist Church on Saturday, October 7, at 11 a.m. Thomas is a lithographer at Balzer Shops. The couple will spend two weeks at Catalina, and take up house-keeping in a Golden Gate avenue apartment. I was treated to a sneak preview of the bridal finery. Barbara makes one of the sweetest brides we've seen in many a day. Her concern this week is watching for face blemishes, and staying out of drafts.

## Church News

As we told you last week, the Baptist church building is being used one day a week for a 45-minute religious school for school-age youngsters. Notices were sent home with the children by their teachers, but many of the parents have not as yet signed the slips and returned them to school. When the parents do not sign the slips that were sent home to them, the children are not excused from class.

This is a school for children of all faiths, the material used being carefully chosen with that in view, so any of you parents who did not receive slips, or have not signed them, contact Miss Fitzgerald at the Bayshore elementary school.

At one time she held the offices of Associate Regent and State Recorder. On October 2 the Grand Chancellor of the Women of the Moose, Miss Katherine Smith, will visit the San Francisco chapter.

## Here's Snug Harbor Again...And A Word About The Daly City Boys Club's Plans

By Dorothy A. Darling

A rag and a bone and a hank of hair, and thou beside me — by Kip — sat the mystery figure beside me, clothed in black — the hooded figure lay face down upon the desk.

Cold and quiet, weary from fatigue, the black-eyed bat was taking a nap, and the old witch was brewing her tea.

The clock struck 12 — not all was well — because for the Daly City Boys Club, we need many things.

The mystery is: Will the local citizens accept the belief that a local need no matter how great, can be helped or completely met through organized effort?

Sponsors are needed, or I should say more sponsors are needed . . . individuals who can give sober and careful counsel in the association of this project, and work in harmony with the board of directors; constructive use of plans, problems that may arise; with but one purpose in view . . . that a boys club be guided by adult ideals and principles for a positive good.

A boys club is a home for boys away from home . . . a gathering place for social pleasures, athletic activities and contests.

There is need for a gymnastic mat, various physical equipment. A billiard table — any size would be appreciated. Chairs are also needed. Darts and dart boards could be used to a good advantage.

On the educational side . . . a club can make good use of a reading room, books donated, a writing desk of some type, checkers and checker boards, a card table or two for the boys to play on and airplane model kits.

Lack of proper school facilities is one big reason for a need of a local boys club. A deep conviction of responsible citizens, that it is the need and right of underprivileged boys, and from the break of school routine, the pent up energy of every boy can give vent to this energy by active sports . . . wrestling, boxing, and basketball to name a few.

About sports, Joe Cardinale won a loving cup from the American Legion for the best boxer of the evening out of six bouts. I betcha Joe worked hard, and trained long hours to win that cup. So did the boys who lost.

Rumor is going about that soon there will be small boxes in some of the stores here in Daly City so that anyone who wishes may donate a few dimes or whatever they can afford now and then.

That black-eyed bat that was taking a nap is awake now. He views with suspicion the many people who are going up into their attics and down into the basements looking for cotton rags and the like for the salvage drive that is upon us in Daly City — for the boys club . . . begins Monday, October 9, through Saturday, October 14.

The old witch has even stopped her own nefarious plans for a moment to try a slogan for the salvage drive. For the sake of this hag give the boys a rag! Such doings at MYSTERY HOUSE! — there is a hacking or whispering sound across the room. Within the shadowy depths I see the white blur of the face of the hooded

## "Stage Door" Scheduled As Dramatic Fall Production At Jefferson High School; Many Students Get Top Rolls

One of the most successful plays about the stage-struck folks who keep the theatres lighted has been chosen as the fall dramatic production of Jefferson Union High School.

This is George S. Kaufman and Edna Ferber's lively comedy called "Stage Door," which will be presented on November 17 under the direction of Miss Eunice Seaton. Miss Seaton has chosen Jean London to be her student director.

A behind-the-scenes glimpse into the lives of the hopeful ingenues who haunt the managers' offices looking for parts in plays, "Stage Door" was described by the well-known critic John Mason Brown, during the play's successful New York run, as "an evening of side-

splitting, and sometimes touching, theatre. . . It is the various rooming in the Footlights Club who make "Stage Door" the delightful entertainment it is."

Mary Lou Morris will be playing the part of Terry Randall, the stage-struck girl whose perseverance is finally rewarded with a real part that will establish her as a great actress. Among the bright-eyed roomers audiences meet in the course of three lively acts is Jean Maitland, who deserts the struggle for a chance on Broadway when she gets a Hollywood offer, to be played by Cecilia Sullivan. There is Linda Shaw, the girl who takes the easiest way rather than admit defeat, to be portrayed by Elizabeth Straubel.

Elissa Marquez will be seen as the sensitive Kaye Hamilton, and Sharon Girard as the wise-cracking Judith Canfield. As Mrs. Orcutt, who divides her time between recalling the glories of her acting past and making up house rules for the club, Lorraine Cady will be seen.

The part of Keith Burgess, the playwright who sacrifices his ideals to write for the movies, has been assigned to Kenneth Willbanks, while David Kingsley, the movie producer whose heart is in the theatre will be played by Al Johnson.

Other roles in Jefferson's production of "Stage Door" will be portrayed by Frank Garcia, Jean Roagen, Vinda Walker, Carol Hodge, Pat Fawcett and Ronald Quint.

## DC Gardener Back From Europe With Flower Movies

Back home after a six-week whirlwind horticultural tour of Europe, his second overseas trip this year, Norvell Gillespie declared he had secured enough movie footage for a top-flight 30-minute feature.

Prints of the 16 - millimeter movie will be released as a public service to luncheon clubs, women's organizations, and garden clubs starting November 1.

Gillespie, former manager of the County Fiesta, headed a three-man party which visited and photographed famous tourist and garden spots in the British Isles, France, Holland, Switzerland, and Italy.

After three days of negotiations in Rome, Gillespie was finally granted permission to photograph the Pope's private garden. It is a large park-like area, complete with seven waterfalls, grottos, shrines, and flaming borders of flowers.

The movie and plant hunting expedition was sponsored by the well-known California Spray Chemical Corporation of Richmond. Among the seeds brought back were those of the fabulous giant water lily of the Amazon with 6-foot leaves so strong they can float a 4-year-old child on the water. The seeds will be presented to Golden Gate Park in San Francisco so that northern Californians can view the huge water lilies next summer.

Other places photographed and visited included Kew Gardens, Edinburgh Botanic Gardens, University of Amsterdam, Bagatelle Rose Test Plots at Paris, Geneva's International Rose Trials, and various castles and chateaux.

On-the-spot broadcasts were made using facilities of B.B.C., the Voice of America, and United Nations at Geneva. The programs are being released locally over KFRC Mutual Don Lee at 9:15 a.m. daily.

Next season Gillespie plans to visit South America.

## Hospitalized Vets Cheered By VFW

Proving that some people still care about the boys in the hospitals, Old Glory Auxiliary 2044, VFW, continues its job of making regular visits to the patients at the Palo Alto Veterans' Hospital.

Three or four times a month the Daly City post sends volunteer workers, men and women alike, into the wards to cheer up the men who have found the road back a long and monotonous one.

All kinds of rehabilitative work, entertainment, and companionship are offered the convalescents. The back-to-health routine can be arduous and the veterans look forward to visits of outsiders.

On a recent trip to the hospital, Old Glory volunteers, Ethel Dorn, Bonnie Ellenwood, Marie Gehrig, and Clara Poket, conducted a special project for Ward 11. They introduced varieties of constructive work, all designed to keep the boys occupied in their idle hours.

All persons who are interested in contributing a few hours a week to the veterans' cause should contact the Palo Alto Hospital for full details. Old Glory Post 2044 welcomes all volunteers for such work — a needy and vital function.

## UN Is Theme Of Church Fete

Another distinctive appointment will be the Supper Room which will feature a continental cuisine of rare and varied dishes from many U.N. countries.

The opening of the St. Peter's United Nations' Festival on this coming week end will enable the people of San Francisco's Mission district to be among the first to become better acquainted with United Nations' activities by celebrating United Nations' Week in advance.

## Columbus Day Parade Scheduled For SF This Sunday

A grand spectacle, not an endurance contest.

That was the promise made today for the last of San Francisco's parades during the State's centennial year, the Columbus Day procession that begins at 1:30 p.m. on Sunday, October 8.

George R. Reilly, president of this year's observance which runs from October 7 through October 12, announced that more than 100 units have signed up — but the parade still will be held to a comfortable two-hour length.

"It's going to be fast and snappy," he explained, "with no dreary pauses between divisions and no slow motion effects."

Already signed up are a host of bands, marching groups, drill teams, horsemen's clubs and floats. All of the armed forces have signified intention to send large units.

Among the dignitaries who have promised to join in the fun are Governor Warren, Mayor Robinson and Congressmen John F. Shelley and Frank R. Havenner.

And leading all the rest will be Don Gaspar de Portola, alias Mike Desiano, as Grand Marshal. Desiano, heading a group of mounted hidalgoes carrying the flags of the United Nations, will command the parade on its route from Civic Center to Market street, down Market to Kearny street, up Kearny to Columbus avenue and thence to the reviewing area before SS Peter and Paul's Church.

Immediately after the parade ends, the traditional enactment of the landing of Columbus will be staged in full costume at Aquatic Park.

Columbus Day observances begin this Friday night when the Queen Isabella of 1950 will be picked from a field of six lovely candidates. Her coronation ball, at 8:30 p.m. on October 7 in the Fairmont Hotel, will officially open the six-day celebration.

## OLPH Mothers Club Changes Meeting Dates

The regular meeting of the Mothers Club of Our Lady of Perpetual Help School will take place at 8:15 p. m., October 11, Wednesday night, instead of the usual Friday night.

The change was made as the parish Carnival of Nations will open on Friday night and most of the members of the Mothers Club will be busy working in various booths.

The Mothers Club was originally formed eleven years ago by a small group of women who labored unselfishly to realize the dream of a new parish school. At this next meeting these charter members to whom the club owes so much will be honored. Invitations to these charter members are in the mail, but since there is no official list in existence, some one may be overlooked.

A special invitation from President Mary Celegrini is therefore extended to any and all charter members of the Mothers Club to be present at the October meeting.

Mrs. Valetta Ennis and Mrs. Susan Schroeder, hospitality chairmen, have promised a most enjoyable evening. They will be assisted by mothers of the 7th grade pupils.

## FISH AND GAME NOTES

by Jimmy Fox

Well, this writer finally caught up with one of those monstrous Lake Merced Rainbow trout.

Strange as it seems, a total stranger to California fishing showed us how to do the trick. I have fished this year with a dozen varieties of spinners and dozens of flies and various sizes and shapes of worms and salmon eggs and the best they could produce were numerous small fish and one about 14 inches long.

About three weeks ago I met a gentleman by the name of Cliff Hayner, who hails from the East, and Hawaiian Islands, and is now on the way to Guam. When he asked where he could find some good fishing while waiting to go overseas I directed him to our local "fishing hole." He used a few tricks which weren't in the usual fishing kit and produced some fine fish.

One, which is hard to believe, was the stunt of picking up a duck feather off the water and tying a fly on a salmon egg hook, and then catching a beautiful 2-pound-14 1/2-inch fish. Next in the bag was the idea of using a small salmon trolling spoon to get the big ones. After hearing about all the big fish Cliff was getting when the fishing was rather slow for most of the fishermen at the Lake, I decided to give it a whirl with him and learn a thing or two.

## Good Catch

Guess he really has something there, for my first try netted a beautiful 18 1/4-inch, 3 1/2-pound Rainbow. The secret lure I should keep to myself but it's too good to save. An Andy Reeker salmon spoon in the No. 2 size and colored either brass or half brass and half silver, is the lethal weapon.

We hooked five fish and landed one each on our fly rods and can't remember when we had so much fun in one morning before. Cliff took home a nice 15-inch, 2 1/4-pound fish and then gave it to sports writer Ed Neal so that scribe would know what a Merced Rainbow looks like.

Just as we quit fishing about 10 a.m. the Fish and Game fish rescue truck drove up with a load of fingerling trout to dump in the lake. We had the pleasure of helping the driver, G. E. Geibel, dump

4,800 of them into the north lake. The fingerlings were from the East Side reservoir near Napa and the total plant in Lake Merced over a period of three days, September 27, 28 and 29, was near the 19,000 figure.

Of the 4,800 fish we dumped in the lake there wasn't a single dead fish, which is a credit to the Fish and Game and their efficient manner of operation.

The water temperature of Merced when the plant was made was 67 degrees. The fish were in the 12-fish-to-a-pound size and averaged about 5 1/2 inches each. As soon as they were dumped in the lake they started jumping and quickly spread over a good portion of the water along the shoreline. It will take several days before they will scatter all over the lake. By this time next year we really should have some large fish in the lake. The big fish we are catching now were only 8-inch fish when planted in January of this year.

All you senior Rod and Gunners should take note that the local juniors are coming right along in their footsteps, and it looks like there will be some keen competition between fathers and sons in the hunting and fishing fields.

George Johnson of the Daly City Junior Rod and Gun Club, son of Harry Johnson of the Senior club, has just qualified for his first shooting honors. George fired the National Rifle Association's Ranger course and made a fine score. He is the first of the local kids to qualify on the junior rifle team, and will receive a Ranger shooter's emblem to wear on his jacket.

Harry Johnson, his dad, doesn't shoot on the rifle team because he can't hit his hat (they tell me!). However, he just returned from a deer hunting trip that was a hum-dinger. No deer walked into the gun sights but a skunk, a chicken hawk, a porcupine and a couple of squirrels met their Waterloo accidentally and/or otherwise.

Glen Brouette, Junior club president, went on a salmon trip with the chairman of the Senior club and some of the other members, and I think he caught the big fish of the day. Ed Meiringer, the most consistent fisherman in the club had an off day and stood around while Bill

Wimmer caught three nice fish. All were in the 15-pound class.

Sunday, September 17, was Tyee Day on the ocean, and as luck would have it this year as last the weather was very bad. Only two button fish (fish over 30 pounds) were landed and they were rather small, being only 30 pounds 8 ounces, and 30 pounds 12 ounces.

Jim Sanders of the Tyee Club is still at the top of the heap for the honors of the year with a 50-pound, 4-ounce salmon caught off Slide Ranch during the early part of the year.

The salmon fishing should continue good for another three or four weeks with the large fish being taken in October. The water will probably be a little smoother also and the winds a bit more gentle. Some of the landlubbers will be glad to hear this.

Are you nimrods oiling up the old scatter gun in preparation for the opening of the duck season on October 20? The word from the valley is that there are lots of Sprig in already. Mallards are noticeable by their absence, and the local boys find this hard to explain, for the mallard population is fairly constant around here.

The bag limit on ducks is six birds a day and six in possession. But no more than one wood duck. The limit on geese is also six per day with no more than six in possession and no more than two of Canada geese or its sub-species, white fronted geese or Brant. The season is a 44-day season split to allow hunting from October 20 to November 10, and then again from December 15 to January 5.

Local Buckhunter George Archer has returned from a trip to Modoc county and tells us that he shot a deer that is a cross between a mule deer and an antelope. Well, seeing is believing and he is having the head mounted so we will be able to tell you more when it returns from the taxidermist.

Another local man, Ken Chisholm of Garden Village, just returned from Siskiyou county where he and three others in the party got a deer each. Ken's deer was a nice three pointer mule deer.

## DC Fire Commissioner Calls For Prevention

Dear Mr. and Mrs. Daly City:

Once again the President of the United States and the Governor of California have proclaimed October 8 to 14 Fire Prevention Week.

These two public officials know only too well the importance of fire prevention in the home and industry.

In the last decade fire has killed more than 100,000 persons and burned or disfigured many hundreds of thousands more.

Each and every day there are 740 home fires — 30 deaths by fire — 200 store fires — 91 factory fires — 8 church fires — 7 school fires and 3 hospital fires in the United States.

Deaths and property losses from fire are increasing mainly because of the careless smoker. Out of the approximate 570,000 fires which attack U. S. buildings annually, about 91,000 are caused by careless smoking. Smoking in bed accounts for the largest loss of life.

I could go on giving statistics on the loss of human life and buildings in the United States in dollars and cents but, you wonder, what does this mean to me? What is the Daly City Fire Department doing to save our lives, our homes, our schools, our stores, and our churches?

Elizabeth Costa: three children, Judith, Douglas and David; his parents, Mr. and Mrs. Jess Durant; two brothers, Joseph and Anthony; three sisters, Mrs. Pauline Durant, Mrs. Emily Padgett and Mrs. Mary Rodgers.

Following services at Our Lady of Perpetual Help church, interment was at Holy Cross Cemetery. Arrangements were handled by the Reilly Company.

having a fire in your home is about 10 to 100 even at that it is very poor odds.

Each night during the week of October 8 to 14 one fire truck with banners and a public address system will tour the city and ring out the necessity of fire prevention.

Now is the time to clean your basements and attics and your home in general. Remove the pennies from in back of the fuses, repair the worn-out cords on appliances. "Forty-eight fires occur every day in the U.S.A. because of misuse of electrical appliances."

We of the fire department are doing our utmost to help you be safe from fire, but it is a big job. We need YOUR help to help you save YOUR LIFE AND HOME.

## Westlake Baptists To Meet Oct. 13

The outstanding interest shown by the residents of the Westlake tract in having a Westlake Community Baptist church has far exceeded the expectations of its Westlake organizers.

Many Christians of other than Baptist faith have also expressed their interest and willingness to see such a community project become a reality. Included in the plans is a great young people's program for recreational activities, which will be available to all the young people in the Westlake tract.

All interested residents in this area are especially requested to be present at the organizational meeting at 7 p.m. Friday, October 13.

The "Independent Calistogan," forerunner of the "Weekly Calistogan" published at Calistoga, first appeared in December 1877.

One of the largest emigrant trains, and the first to bring its wagons intact across the Sierras, was the Grigsby-Ide Party in 1845.

The meeting will be at the home of Tom Small, 37 Cliffside drive, Westlake, Daly City.

This meeting is of particular interest and importance in that D. Earle Smith, executive secretary of the San Francisco Baptist headquarters, will be present to determine the feasibility of building a church suitable for the community's need. Refreshments will be served to all present.

## SLIDIN' DOWN THE CHUTE

What fun these youngsters have on the numerous contrivances designed for their exercise and amusement! The children of past generations would have been delighted with such elaborate provisions for their enjoyment.

Physical training has become an important part of our modern educational system. Regular periods are assigned to it in most schools, and instructors are employed to supervise the children's play.

We are thus spending billions of dollars each year to develop the minds and bodies of our children. But what are we doing for their spiritual development? The body without the soul is dead, and education without spiritual growth is a hollow mockery.

The Church has the stupendous task of supplying this vital need in human life. Its function is to show people the way of God and teach them to think and feel and act in accordance with His will. Body, mind and spirit—but the most important of these is the spirit.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Burglar Makes Haul At Shell Station

Breaking into the William Brennan Shell station, 2001 Junipero Serra boulevard, Monday night, an unidentified burglar got away with \$100 to \$150 in cash.

Police report the thief a l s o made off with two tires and two batteries as well as three books of credit tickets.

The burglary, committed some time between 11 p. m. Monday and 6 a. m. Tuesday, was discovered by Jarrall A. Bond, attendant, when he opened the station Tuesday morning. Entry to the building was gained by breaking out a south east corner window with a hammer, police said.

## Marksmen Await Legion Turkey Shoot On Sunday

Top marksmen of northern California today were oiling their rifles and shotguns in anticipation of winning Thanksgiving turkeys at Monterey Peninsula Post 41, American Legion's 16th annual "Turkey Shoot," this Sunday, October 8, at Tarpey Flats, three miles east of Monterey on the Salinas highway.

Many leading marksmen from throughout northern California are expected to attend the Turkey Shoot, one of this area's best-known and most popular sports events.

Dozens of big, prime turkeys will be given away on the shotgun, rifle, and .22 ranges as well as in various games.

Admission to the affair is free.

## Vets To Get Social Security Credit For Service

Veterans of World War II in San Mateo county may now be granted wage credits of \$160 a month for social security purposes for the time they were in active service prior to July 25, 1947, according to Floyd D. Granger, veterans service officer.

The recently enacted amendments to the Federal Social Security Act contain provisions which extend the benefits granted to veterans, Granger explained. The \$160 wage credit "earned" during wartime service can now be applied to the veteran's own use when he retires at the age of 65 or older; under previous laws such credits were applied only in case of his death within three years of discharge from the armed forces, enabling his surviving dependents to benefit.

Wage credits for active service, under the new amendments, may enable the veteran to regain social

security rights built up before the war, or to establish these rights more quickly if he had never worked prior to the war in occupations covered by social security. In the event of his death, they may increase the social security payments which will be made to his family.

Granger added that while the wage credits do not apply if a veteran has been receiving retirement benefits from the federal government as a result of his World War II service, they are not affected by the payment of compensation or pension through the Veterans Administration.

The Veterans Service Office, in the Courthouse, Redwood City, can assist interested veterans or their dependents in contacting the nearest field office of the Bureau of Old Age and Survivors Insurance for further information.

### ADVERTISING PAYS... KELLER'S KNOWS

It pays to advertise in the Daily City Record and Shopper. This week Mrs. W. P. Harold, 35 E. Lake, said that through the Keller's Art Galleries (6789 Mission street) ad last week, she was introduced to a fine, new business in Daly City. An artist herself, Mrs. Harold said the Galleries have proven a boon to those who wish art supplies, picture framing or paintings.

"Before Keller's we used to have to go downtown to get our materials. Now we have a fine art gallery in Daly City," Mrs. Harold noted.

She, as hundreds of other residents, believe the Art Galleries are a real "boost for Daly City." As pointed out in Keller's ad, the Galleries not only sell art supplies, but also does masterful picture framing and sells famous paintings at prices as low as \$5.

"And they do have everything," Mrs. Harold concluded. "I've been looking for a picture frame for the past four years. I found just what I needed at Keller's in one visit."

### Jury Rules On Daly City Fatality

Daly City's only traffic fatality of the year was "caused by negligence on the part of the deceased," the San Mateo County coroner's jury decided at a meeting here last week.

They ruled Anthony Rossi, 60-year-old Colma ranch hand, was responsible for his own death when he was hit by a car at the intersection of Mission and Market August 27. Police reported Rossi ran into the path of an automobile driven by Nick W. Speridon, 24, a San Francisco truck driver.

## SOCIAL SECURITY

By Edward J. Foley  
Manager of the San Mateo  
Social Security Office

How much do you know about your new social security?

Of course, you know that Congress has extended federal family insurance to approximately ten million more people. You know that the President has signed the amended act. You realize that it is now a law. But do you know how it will affect you? Are you among the new millions who may have social security protection beginning in January?

I say "may" because for all of the 9,700,000 for whom social security is now made possible, coverage is not automatic. For some groups it will be compulsory; for others it will be voluntary. For all of the new groups there will be certain exceptions and qualifications. I shall deal with each group separately in following articles in this series. Today, however, let's consider the new social security law as an entirety.

In signing the original Social Security Act on August 14, 1935, President Roosevelt declared it "a cornerstone in a structure which is being built but is by no means complete." This edifice of social legislation is still unfinished. Construction will be continued, I am

confident, through the decade ahead. However, the progress made since the "cornerstone" laying fifteen years ago is impressive. With the enactment of the amended law this summer we can begin to see social security in perspective. Its size and solidity, and practicability in design are assurance to all. This is an enduring fortress for protection on the home-front—a defense against the economic enemy. Want, that so often ambushes the aging

worker and invades the survivors' home.

Right here, however, is the time and place to say that federal old-age and survivors insurance under social security is not a refuge for the thrifless or a haven for the indolent. Moreover, federal old-age and survivors insurance is just what the title implies. It is insurance, not charity. It is a means whereby the worker, in his years of productivity, contributes through

his earnings toward a measure of protection for himself and his family in his old age, and for his family if he should die.

The worker's contribution to the social security tax are, in essence, his share of insurance premiums. The social security card in his bill-fold symbolizes his insurance policy. That is the social security law itself.

What does his social security policy say? Just what are his

rights as a policy holder in federal old-age and survivors insurance?

In articles to follow, I shall endeavor to answer these and related questions about your new social security.

San Francisco's first church service, outside Mission Dolores, was held in the city's first public school house in Portsmouth Plaza in 1848.

### WALKING AT NIGHT

Many pedestrians are killed each year while walking along rural highways, the vast majority of them at night. If you must walk along the highway at night, warns the National Automobile Club, wear or carry something white and walk on the left side of the road facing into that oncoming traffic.

### ALWAYS SIGNAL

Always signal your intention before turning or stopping, warns the National Automobile Club. If you are to drive safely, that man behind you has to know what you are going to do. And that man behind you may not be able to read your mind.

The Salton Sea in Imperial Valley covers 306 square miles.

### CORN MEAL CONSIDERED SACRED

Corn meal is considered sacred by the Indians of New Mexico, according to the National Automobile Club. It is often sprinkled over ceremonial dances during various religious rites.

Nearly one million tons of sand and silt are carried in the waters of the Colorado River past a given point every 24 hours.

## Bygones Named To Head Whitmore For Sheriff Group

Appointment of Perry A. Bygones, Redwood City, as chairman of a county-wide committee to elect Earl B. Whitmore to the office of Sheriff of San Mateo county was announced this week.

C. A. Buck, San Mateo, was appointed treasurer of the citizens group supporting Whitmore and better government.

Whitmore, who upset the county political prognosticators in the June primary by beating the incumbent sheriff, his first defeat in 24 years, and three other candidates, officially launched his bid for the support of San Mateo county citizens in the November election.

Speaking to a luncheon group of supporters, Whitmore emphasized that "I am committed to no one but the voters of San Mateo county to do a good job of law enforcement in the sheriff's office if I am elected in November."

Whitmore pointed out that he had spent his own money in the primary campaign and that he was not, is not, and will not be committed to any person, group, or special interests from within or without the county. Whitmore expressed hope that he would receive the support of many citizens throughout the county who would expect nothing in return except good government for the county and a sheriff who would be active, willing and able to enforce all the laws equally and impartially.

Bygones, associated with the San Mateo Investment company and well-known throughout the county in banking and investment circles as well as civic affairs, will spearhead the county-wide citizen's group. Organizational meetings in other sections of the county will be held and chairmen appointed in

every town, Bygones said.

Buck, well-known in county affairs for many years, and owner of a Burlingame transfer and storage company, will be responsible for getting the necessary finances for the campaign.

Wilbur A. Bishop of San Carlos, serving again as Whitmore's campaign manager, announced that a number of leading men and women of the county have volunteered their support and names in an effort to elect Whitmore in November.

## WEAR HAS ITS LIMITS

Differential wear, manifest in the growling noise from the rear, does not seem to make much difference to certain car owners, points out the National Automobile Club. It should, for when this unit has become worn the gears do not mesh properly and are susceptible to rapid and complete breakage. When the break occurs, the situation is about the most unpleasant in which the car owners can find himself. The expense of the repair often is doubled if the situation is allowed to go so far that the gear breaks.

## SAFER AND FASTER

It is both safer and faster to reverse the technique that the majority of drivers use in rounding curves, advises the National Automobile Club. That is to say, it will be both of these desirable things if the motorist goes slowly in to the curve, then gradually picks up speed before leaving it. The car virtually will drive itself if this system, which is that of the race driver, is followed.

## Jinkerson To Head Food Committee

Lester Jinkerson, owner of Lester's markets, has accepted the chairmanship of the Food Committee of the San Mateo County Red Cross Disaster set-up, replacing John Leahy, who recently resigned his post.

R. C. Pitcairn and J. Howard Walzer, co-chairmen of Disaster Preparedness, today announced that Emerson Murfee, owner of

Villa Chartier, and Harry Gregg, office manager for Lester's, will serve as vice chairmen on Jinkerson's Food Committee.

Red Cross has been designated by the N.S.R.B. as the organization which will be responsible for food, clothing and shelter, in case of a bombing or other war disaster. Plans for the entire set-up have been perfected, personnel of all committees has been greatly augmented and tie-ins with local civilian defense councils' plans are being arranged, according to Pitcairn and Walzer.

## Giannini States There's Nothing Wrong With LISA

Answer was made today by L. M. Giannini, president of the Bank of America, to statements attributed to a past president of the San Francisco Life Underwriters Association opposing the bank's already famous LISA — Life Insured Savings Account.

Giannini emphasized that LISA is not a plan to sell life insurance, but a plan to insure a savings objective.

The program positively does not compete or interfere with the institution of life insurance, but promotes it, the banker declared. "It will bring a consciousness of insurance to a great many people who otherwise would not be interested," he pointed out. "When they have completed their savings accounts many of them will be interested in supplementing it with life insurance through the customary channels."

"Our first consideration," Giannini pursued, "has been and continues to be the welfare of the average bank customer. The LISA plan is unique and most advantageous to the person who has a modest systematic savings objective. We have no intention of withdrawing the program so long as there is public demand, and so long as it continues to serve such a constructive purpose in the public interest."

Opposition from life insurance circles elsewhere is virtually nonexistent, it was revealed. In fact, insurance statistics show that Californians stand low in the national picture of life insurance protection; this state is one of five tied for 18th place in the per capita amount, which indicates a need for stimulation. An insurance authority on the East Coast, endorsing the Bank of America enterprise, commented: "If I were a depositor of your bank I would be incensed at opposition which prevented me from getting the assurance LISA would give me that my savings goal will be reached for my family's benefit despite my unexpected death. I hope this will be the forerunner of identical plans all over the country."

Giannini disclosed that many banks in various parts of the country have already indicated a desire to install a similar program.

## Petitions Call For Abolishing Cross Filing

Thirty-five thousand petitions to abolish cross filing are now in the hands of volunteer workers in every one of California's fifty-eight counties, it is reported by John B. Elliott, chairman of the statewide organization having the work in charge.

Important in the movement to obtain signatures of registered voters are the A. F. of L. and the C.I.O. state and local organizations, the non-partisan League of Women Voters of California, the Democratic State Central Committee, a large number of elected officials, including many who were elected in the primary of last June by virtue of cross-filing; civic clubs, educators, leaders or public thought, and just plain citizens.

Each of the petitions has spaces for thirty names. The Abolish Cross Filing organization is aiming at 250,000 signatures which would provide a good margin above the 127,920 needed to qualify the petition.

A poll taken in the Los Angeles and San Francisco areas some months ago showed an average of 10 to 1 for abolishing cross filing, it has been reported. The experience of present circulators, Elliott says, is that the favorable response of citizens approached for signatures is in even a much greater ratio than the poll indicated, being now 20 or 30 to 1.

"Our reports show an overwhelming sentiment for abolishing cross filing," the chairman states. "Our volunteer circulators are obtaining signatures regardless of politics. We are confident that this great work will be completed before the middle of October and that we shall be ready to present a petition to the 1951 Legislature bearing the names of a great cross section of California citizens."
